Thank you for the message, it has been sent.

I am writing to continue to remind you that you have a responsibility to ensure that the people of Texas are not being harmed by the very same people that are being tasked with ensuring their protection.

We are living through an actual nightmare as we discover that our President is using the technological capabilities of the United States military and its subcontractors to intrude into the most intimate details of our lives. We are experiencing greater and greater stress, each day, as we continue to work our way back into America after our attempt to move to Spain.

We are law abiding citizens. I am an attorney at law. We are being abused by Donald Trump and Elon Musk's illegal surveillance and agitation forces. These are two billionaires that are using their trusted positions within the United States government, and their access to the State of Texas, to maliciously cause my family emotional and financial harm.

We are unable to escape this problem in any way. I am preparing to sue Donald Trump, Elon Musk, the United States Space Force and SpaceX to attempt to hold them all accountable for their illegal actions and misuse of such sophisticated and powerful technology. This represents yet another way in which our time, money, and patience are all being consumed by a government that is failing to hold itself accountable to the very same laws that it is brutally imposing onto its people.

I have absolutely zero confidence in the court system to do anything other than quickly dismiss this upcoming lawsuit. You must begin doing actual work to ensure the safety of our home. Texas Space Commission is facilitating Elon Musk to own and operate his own private city in Texas and we cannot even live peacefully inside of one small house!!

I am absolutely disgusted with the depths of problems that have developed in the last several years as we have witnessed Donald Trump use his threatening demeanor to run wild over the spineless and pampered men and women of our government. I AM CONTINUING TO WRITE TO YOU BECAUSE WE ARE BEING PHYSICALLY, EMOTIONALLY, AND FINANCIALLY HARMED BY YOUR FAILURES!

PLEASE DO YOUR JOBS AND INVESTIGATE ELON MUSK FOR TIES TO ILLEGAL SURVEILLANCE AND DISTRIBUTION OF OUR PRIVATE LIVES TO A TEAM OF CRIMINALS THAT ARE DRIVING TRUMP TRAINS OF VEHICLES PAST OUR HOME EVERY SINGLE DAY!

I am doing my part to contact my dysfunctional government operatives, the local police, the Texas Rangers, the FBI, and the Secret Service. What more do you expect us to do? This is just as much your problem as it is mine. In fact, it should be a bigger problem for your organization than it is for my home because you are the organization that is tasked with ensuring the safety of the technology that you are helping to unleash upon the world.

I am not being paid to endure the suffering that your failures create - but you get paid to allow this suffering to happen. I believe that is fundamentally unfair and must be remedied immediately. I am writing to remind you that this is your problem to fix by gathering the power of your agency and pressing it against SpaceX and Elon Musk to uphold the law.

I am alerting your office in plain language in the best way I can: ELON MUSK, SPACEX, DONALD TRUMP, AND THE US SPACE FORCE ARE ILLEGALLY SPYING ON US IN OUR HOME AND DRIVING CHAINS OF VEHICLES PAST OUR HOME TO PROVE IT AND AGITATE OUR LIFE EVERY SINGLE DAY - WITHOUT WORRY. This cannot continue. DO SOMETHING!
